

# PIPESTOPPERS™ INFLATABLE PIPE STOPPERS AND TEST PLUGS

PIPESTOPPERS™

An easy way to stop the flow of gas or liquid along a pipe or duct, for collection of debris and to prevent ingress of unwanted material or animals

Pipestoppers™ Inflatable Stoppers and test plugs are available in a variety of formats in all sizes from 2" - 80" (50mm - 2000mm) in 1" (25mm) graduations. Types include spherical, cylindrical, rectangular, pancake and sausage.

All bags are made of a natural rubber bladder and covered in waterproof sewn polyurethane coated nylon for low friction and to prevent the production of static electricity and accidental sparking.
